Stand Up For Change Draft Mike Bloomberg For President

Are you concerned about America's Future? Well, you should be—it's your future, it's your children's future.

Isn't it time for a president who wants change, who wants a brighter future for all Americans, who is willing to do whatever it takes to accomplish this? Mike Bloomberg is this president; a person who not only wants change, but has proven he can and will do whatever it takes to change things for the better.

Don't believe it? Just look at some of the things he has done as Mayor of New York City:

- Accepted the Broad Prize for Urban Education in September 2007, recognizing New York City as the nation's most improved urban school district in the country
- Enacted a plan called "PlaNYC: A Greener, Greater New York" to fight global warming and protect the environment
- Set up a Counterterrorism Bureau which works along with the NYPD intelligence division to gather information about terrorism and any other possible threats to the city
- Instituted preventative health measures to all commercial establishments and implemented a trans fat ban in restaurants
- Instituted a \$7.5 billion municipal affordable housing plan, the largest in the nation, that will provide 500,000 New Yorkers with housing
- Eliminated the \$6 billion dollar deficit he inherited in 2002

Alexis de Tocqueville once said:

"There are many men of principle in both parties in America, but there is no party of principle."

Partisan politics and party loyalty keep politicians from making the tough decisions, instituting the necessary changes, and doing what is best for our country. It's time to walk away from partisan biases—it's time to worry about the issues and not party lines—it's time to Draft Mike Bloomberg for president of the United States of America.

bipartisan politician,
action oriented leader.**
